

TAKE A BREAK! YOU DESERVE IT

*Promotion ends on 31st December 2019.

\$99 per sample*
ADD ON \$1
For NGS (Amplicon)
Grade DNA Extraction
only*

Amplicon Sequencing Service

1 Week TAT
-NGS Grade DNA Extraction

6-8 Weeks TAT
-Amplicon Sequencing Services
(upon QC approval)

Free Project Consultation

Complete Sequencing Service
(Sample-to-analysis)

1. Sample QC
2. Library Preparation & QC
3. Illumina 300PE Sequencing
•200,000 raw reads per sample
4. Bioinformatics Analysis:
•Sequence QC
•OUT Clustering
•Taxonomic characterization
•Alpha diversity analysis
•Beta diversity analysis
•Rarefaction data

#NoFuss

Be a metagenomic hero!
Focus on the science &
we'll be your sidekick!

Types	Region
Bacterial 16s	V1 - V3
	V4
	V3 - V4
	V4 - V5
	V4 - V6
	V7 - V9
Archaeal 16s	V4
Fungal 18s	V4
	V9
Fungal ITS	ITS1
	ITS2

For customised region, please email
ngs@apicalscientific.com to enquire.

*Terms and Conditions:

1. **\$99 per sample Amplicon Sequencing:**
• Applicable for minimum submission of 10 samples.
2. **\$1 NGS (Amplicon) Grade DNA Extraction:**
• Only valid for the first 10 samples.
• Sample type: Soil, Stool, Sludge only.
• Applicable only with 1st BASE Amplicon Sequencing Services within the same order.
3. **Promotion valid until 31st December 2019.**
4. **Promotion is valid for order confirmation received before 31st December 2019 and samples must be submitted before 31st March 2020.**
