

Product Specification Sheet

Product Code : BUF-2051
Identifier : 10% (w/v) Sodium Dodecyl Sulfate (SDS) Solution
Grade : Biotechnology
Appearance : Clear liquid
Molecular Formula : Not Applicable
Molecular Weight : Not Applicable
Product Description : Suitable for SDS-based electrophoresis and solubilizing cell membranes.
Storage Condition : Store at room temperature.

Assay:

Appearance
pH (neat; 25°C)
DNase/ RNase activity

Specification:

Clear Liquid
9.0 – 10.0
None Detected
