

Get More With

Earn Points As You Order & Get Rewarded...

With every dollar spent on **100**, you accumulate
1 Reward Point.

Accumulate as many points and **redeem for attractive gifts** which include

- **1st BASE Products** e.g. Ready-to-Use Buffers/ Biochemicals
- **1st BASE Gifts** e.g. lab timer, laser pointer, thumb drive
- **1st BASE Vouchers** for discounts off your next purchase of our products
- **Gift Vouchers** from participating merchants

How **100** Works...

It's as Simple as 1-2-3

Step 1 Register

Visit <https://order.base-asia.com>, click "New User" & submit your contact details.

You will receive a **User ID** and system-generated **password** via email

Step 2 Log in

Use your **User ID** and **password**.

For first-time user, you are recommended to change your password upon log in

Step 3 Start!

Submit your order right away!

Why 100?

The 1st BASE Online Ordering System 100, is a **fuss-free way** for you to send orders to us. You can also access our listing of products and order **at the click of a button**.

With 100, it's

100% Available

Place order online at your own schedule

100% Convenient

Retrieve information of previous orders anytime

100% Customised

Place order based on your exact requirements

100% Easy

The online tutorial provides a **step-by-step guide** for ordering

100% Rewarding

Every dollar spent earns you **1 reward point** to redeem fantastic gifts

What you can do...

DNA Oligo Synthesis

- Request for an official quotation before ordering
- Place orders for Plate Oligos or Modified Oligos
- Capture primer sequences from text or excel file
- Flexible - Order oligos in various scales/grades in a single order

More Benefits...

Get **FREE** reconstitution of primers in **1xTE buffer** at **100 µM** when you order online.

(Otherwise, a reconstitution charge of \$1 per tube applies)

DNA Oligo

Thank you for choosing 1st BASE Oligos!

You can place your DNA Oligo orders in either Tube (2.0ml) or Plate (96-well) options. Tube Oligos are great for ease-of-use while Plate Oligos are advantageous for high-throughput applications.

The Multiple Entry format allows you even greater convenience when ordering more than 8 Oligos at a time. Simply copy and paste (name of Oligo plus corresponding sequence in 5' to 3' orientation) from your text or excel file into our online form.

Modified Oligos can now be ordered online too. Please choose the Tube options and proceed to select your required modification(s) when entering your Oligo sequence. Kindly note that Modified Oligos must be ordered separately from regular Oligos due to the varying options and conditions for such orders.

Single Plate DNA Sequencing

- Single Entry (Sanger Sequencing Service; Input DNA template and primer information 1 entry at a time) [Order](#)
- Multiple Entry (Sanger Sequencing Service; Input DNA template and primer information using excel sheet or Tab-Delimited File) [Order](#)
- 96-well Plate (Sanger Sequencing Service for 80 - 95 reactions prepared in 96-well format) [Order](#)

Ready-Mix DNA Sequencing
(Sanger Sequencing Service of pre-mixed DNA template and primer based on our requirements) [Order](#)

Ready-to-Load DNA Sequencing

- Single Entry (Electrophoresis and Analysis of purified cycle sequencing products in Genetic Analyzer) [Order](#)
- Multiple Entry (Electrophoresis and Analysis of purified cycle sequencing products in Genetic Analyzer) [Order](#)
- 96-well Plate (Electrophoresis and Analysis of purified cycle sequencing products in Genetic Analyzer) [Order](#)

Ready-to-Load DNA Sequencing with Clean-Up
(Purification of cycle sequencing products. Electrochromesis and Analysis in Genetic Analyzer) [Order](#)

Difficult template Sequencing (70% GC-rich/ 70% AT-rich/ GT-rich/ repetitive sequence)
(Sanger Sequencing of samples with high levels of difficulty in cycle sequencing) [Order](#)

Biochemicals / Ready-to-Use Buffers

- Easy product search
- Request for an official quotation before ordering
- View detailed product description of our comprehensive range of Biochemicals and Ready-to-Use Buffers
- Download Safety Datasheet of Products
